

West Tisbury Historic Commission
Meeting Minutes June 22, 2011

Attendees: Jill Bouck, Dick Burt, Ellen Weiss, Leslie Gray, Annie Fisher
Absent: Karin Stanley

Meeting was called to order at 4:20 pm.

The forms for the 48 properties presently in the Historic District that were not included in the original town inventory of historic properties and whose forms were incomplete have been completed by Jill, Leslie and Annie. Leslie has entered them on the computer and Pam Thors has printed them out for us.

Ellen and Dick have been asked to read them over for any omissions or corrections. Once they have finished, Jill will call Peter Stott and send Mass Historic a disc and hard copy for their records. She will also check on their progress in scanning the oldest forms.

The next step will be to enter the complete inventory on the town website. We should investigate how to enter them, ie: map, street, owner ? Perhaps we could ask for a small amount of CPA funds to approach the town website program. We could add comment to the forms, such as if anyone has further information or corrections to please notify us.

Next order of business would be some housekeeping of files. We also need to go over all the older 1980's inventory forms for corrections, changes. We could also work on the inventory of mill sites, bridges, etc. as suggested by PAL.

Next meeting to be scheduled for 2 weeks from today, July 6th at 4:15.
Meeting adjourned at 5:15.
